Curriculum vitae Anna Czypionka

Current position

01/2023 - 04/2025   Postdoctoral researcher at Department of Linguistics, University of Konstanz (Germany). Research Initiative *Meaningful Silence and Noise (MeaNs)*, subproject B06 *Interindividual variation at the syntax-pragmatics interface.* Responsibilities include co-leadership (with T. Marinis) of the subproject, research, teaching, thesis supervision, grant acquisition and coordination of reseach proposals.

Previous postdoctoral positions

04/2016 - 12/2022   Postdoctoral researcher at Department of Linguistics, University of Konstanz (Germany). DFG Research Unit *Questions at the Interfaces*, Project 1: *The role of German particles in questions* (PIs Prof. J. Bayer, Prof. M. Romero and Prof. C. Eulitz)

Feb-June 2022   part-time teaching position (*docent*) at the University of Amsterdam (the Netherlands)

02/2014 - 2016   part-time postdoctoral researcher at the Institute of English Studies, University of Wrocław (Poland). FOCUS/FNP project *Decomposing categories in the brain*, Subproject 3 *Processing of discontinuous verbs in German. The role of particles for Case licensing* (i.a. FOCUS/FNP project; with Prof. J. Błaszczak)

08/2013 - 03/2016   Postdoctoral researcher at Research group of General Linguistics, Department of Linguistics, University of Konstanz (Germany; with Prof. J. Bayer)

Shortlisted

07/2022   *Akad.Ṙat* for German Linguistics at the Institute of German Language and Literature I, University of Cologne (Germany)

04/2020   Assistant professorship in (neuro)linguistics with a focus on multilingualism at the Faculty of Humanities, University of Amsterdam (the Netherlands)

04/2018   Junior professorship for empirical approaches to English at the Department of English and American Studies, Humboldt-Universität Berlin (Germany, 3rd place)

Education

12/2013   Ph.D. (summa cum laude)
Humboldt Universität Berlin and Berlin School of Mind and Brain (Germany)
Thesis: *The interplay of object animacy and verb class in representation building*
Advisors: Prof. K. Spalek, Prof. I. Wartenburger, Prof. M. Krifka

11/2013   Autumn School: Methods in Language Comprehension, Department of Psychology and Cognitive Sciences and Center for Mind/Brain Sciences - CIMeC, Università degli Studi di Trento (Italy)

03/2008-07/2013   Ph.D. student at Berlin School of Mind and Brain, Humboldt-Universität Berlin, Centre for General Linguistics (ZAS) Berlin (Germany)

10/2008-10/2011   interdisciplinary Ph.D. program Berlin School of Mind and Brain

07-08 / 2010   Summer School: Understanding Language: 40 years into the garden path. Universidad del País Vasco de San Sebastián, Basque Center on Cognition, Brain and Language (Spain)

2006 - 2008	Linguistics student at Institute for General and Theoretical Linguistics, Universität Potsdam (Germany)
2005	Diplom (M.Sc.) in Biochemistry at Freie Universität Berlin (Germany)

Teaching and advisor experience

Teaching experience, full semester courses

SS 2023	*Multilingual sentence processing*, MA seminar, University of Konstanz (Germany)
Spring term 2022	*Neurolinguistics*, BA lecture and seminar on neurolinguistics; University of Amsterdam (the Netherlands)
Fall term 2021	Co-teaching for *Neurolinguistics*, BA lecture on neurolinguistics by N. Schiller, including practical sessions and individual student advice; University of Leiden (the Netherlands)
WS 2020/2021	*Psycholinguistics*, MA seminar on psycholinguistics, including practical session with web-based acceptability rating and self-paced reading experiments; remotely at University of Konstanz (Germany)
WS 2015/2016	*Psycholinguistics*, MA seminar with practical sessions on behavioural methods including programming and running self-paced reading experiments; *Second language acquisition in psycholinguistics*, MA seminar; University of Konstanz (Germany)
SS 2015	*Psycholinguistics*, BA seminar; *Sentence Production*, MA seminar; University of Konstanz (Germany)
WS 2014/2015	*Introduction to linguistics*, BA seminar for future teachers; *Syntax II*, BA seminar; University of Konstanz (Germany)
SS 2014	*Psycholinguistic perspectives on second language acquisition*, MA seminar; *Sentence processing*, BA seminar; University of Konstanz (Germany)
WS 2013/2014	*Introduction to linguistics*, BA seminar for future teachers; *Introduction to psycholinguistics*, MA seminar; University of Konstanz (Germany)
SS 2012	*Psycholinguistic studies in second language acquisition*, BA seminar; Humboldt-Universität Berlin (Germany)
WS 2011/2012	*Introduction to psycholinguistics*, BA lecture; Humboldt-Universität Berlin (Germany)
SS 2007	Teaching assistant for *Introduction to German Syntax*, BA lecture by G. Fanselow; University of Potsdam (Germany)

Teaching experience, block courses

June 2022	*Block course on web-based behavioural experimental techniques*; MA level, remotely at University of Konstanz (Germany)
July 2021	*Experiment building for web-based psycholinguistic research*, LOT summer school; remotely at KU Leuven (Belgium)
May 2021	One session on *Licensing question-sensitive discourse particles - an overview of different experimental approaches*; part of the course *Experiments in Linguistic Meaning*, taught by Prof. M. Romero and K. Djärv, University of Konstanz. (Germany)

February 2021	*Models of sentence comprehension*, one-week block course in the MA programme *Empirical and Theoretical Linguistics (ETHEL)*; remotely at University of Wrocław (Poland)
12/2019	Two sessions on Cognitive Poetics for students of Romance literatures; part of the seminar *"del mucho leer, se le secó el cerebro" - Don Quijote como lector y los efectos de la literatura*, University of Konstanz (Germany; in collaboration with J. Pfeiffer)
09/2018	*Eyetracking during reading: Setting up experiments and analyzing data.* Experiment design, stimulus design, data preprocessing and statistical analysis in R; University of Wrocław (Poland)
23/09/2016	*Stimulus construction for single word and sentence processing experiments.* Workshop: Methodology and language assessment: Heritage speakers and beyond — talk or teaching?; University of Konstanz (Germany)
03/2016	Guest lectureship at the Department of English Studies at Cyprus University (Cyprus), classes on single-word and sentence processing
2012	*Eyetracking I.* Workshop: Linguistic methods workshop;
	Planning Experiments. Workshop: Linguistic methods workshop (in collaboration with B. Claus); Humboldt-Universität Berlin (Germany)
2011	*Eyetracking I.* Workshop: Linguistic methods workshop; Humboldt-Universität Berlin (Germany)

Thesis advisor

At University of Konstanz (Germany) unless stated otherwise

2023	Y.-C. Chu, working title: *The processing of idioms in Chinese and German*, M.A. thesis in Speech and Language Processing, first advisor
	G. Laporte, working title: *Pronoun resolution in L2 German in Dutch/English native speakers*, M.A. thesis in Speech and Language Processing, second advisor
	N. Pulido Barzotto, working title: *Multilingualism in the workplace*, M.A. thesis in Multilingualism, second advisor
	M. Moll, *Cognate processing in bilingualism*, M.A. thesis *Lehramt Gymnasium*, English/Spanish, second advisor
	M.-S. Stolle, working title *Language models' performance with garden path sentences*, M.A. thesis in Speech and Language Processing, second advisor
2022	S. Molina Raith. *Modelling attribute meaning of adjective-noun phrases through multimodal distributional semantics*, M.A. thesis in Speech and Language Processing, second advisor
	A. Khristiuk (University of Amsterdam). *The influence of false-belief skills on internal state language production in bilingual autistic children*, Research Master thesis in Linguistics and Communication, second reader
	N. Faehndrich (University of Amsterdam). *Disambiguating PP attachment through prosody*, B.A. thesis in Linguistics, second reader
	A. Tsivelekidou. *Gender bias in Greek: A study of epicene profession nouns. Evidence from empirical data and BERT*, second advisor
	A. Aivalioti *Theory of Mind and language development in primary school children.* M.A. thesis in Speech and Language Processing, second advisor

T.A. Hohmann, *BERT's Predicting Behavior in Disambiguating Using Semantic Priming.* M.A. thesis in Speech and Language Processing, second advisor

2021   F. Baumeister. *Theory of Mind and Language in Children with ASD.* M.A. thesis in Speech and Language Processing, second advisor

L. Hindelang. *Pronoun resolution in second language acquisition.* M.A. thesis in Speech and Language Processing, second advisor

J. Roth. *Chronologischer Vergleich der syntaktischen Realisierung generischer Subjekt-NPs: eine Korpusanalyse.* B.A. thesis in Linguistics, first advisor

A. Tsaroucha. *Cognate processing in different-script languages: Evidence from German-Greek heritage speakers.* M.A. thesis in Speech and Language Processing, second advisor

A. Wahl. *The influence of word class constancy in derivation and morphological complexity in lexical access.* B.A. thesis in Linguistics, second advisor

2020   A. Uygun. *Der Einfluss der Konstituentenbelebtheit deutscher Nominalkomposita in der Satzverarbeitung, untersucht mithilfe einer selbstgetakteten Lesezeitstudie.* M.A. thesis in Speech and Language Processing, first advisor

Y. Gu. *The variation in the Expression of Possessives in German: Genitive or Dative?* M.A. thesis in Multilingualism, second advisor

2018   A.M. Waibel. *The Assessment of Language Processing in Patients with Disorders of Consciousness by Means of Event-Related Potentials.* M.A. thesis in Speech and Language Processing, second advisor. **VEUK (Konstanz University alumni association) award for best M.A. thesis 2017/2018**

2017   A.S. Hufer. *Verteilung von Nomen mit generischer Lesart im Deutschen.* B.A. thesis in Linguistics, first advisor

C. Gozebina, *Der Einfluss der Konstituentenbelebtheit auf die Verarbeitung deutscher Nominalkomposita unter Berücksichtigung der semantischen Relation*, M.A. thesis in General Linguistics, first advisor

K. Henauer. *Evaluation von input- versus produktionsbasierter Sprachintervention zur Förderung der standarddeutschen Akkusativmarkierung bei Schweizer Kindern.* M.A. thesis in Speech and Language Processing, first advisor, **VEUK (Konstanz University alumni association) award for best M.A. thesis 2016/17**

2016   K. Arendt. *Acquisition of Scalar Implicatures: The Role of Relevance in the Derivation.* B.A. thesis in Linguistics, second advisor

L.M. Kiduma. *Language and Emojis: Neurolinguistic Effects of Emojis on Reading Comprehension.* M.A. thesis in Speech and Language Processing, second advisor

2015   T. Dorofejeva, *Gender Marking in Russian Heritage Speakers in Germany* B.A. thesis in Linguistics, second advisor

S. Horn. *Skalare Implikaturen: Theorie und Experimente.* B.A. in Linguistics, second advisor

S. Klostermeier. *Modal particles in German as second language.* M.A. in Linguistics, first advisor

2014   M. Strinzel. *Der Einfluss der Kategorie Belebtheit auf die Worterkennung von Komposita.* B.A. thesis, first advisor

Grants and projects

in prep.	Collaboration with student project *Investigation of the foreign language effect on the perception of art*, Deutsch-Polnische Wissenschafts Stiftung / Polsko Niemiecka fundacja na rzecz nauki. Students A. Borkowska and W. Milczarski (Wrocław), senior researchers M. Białek (Wrocław) and myself. I am contributing expertise on sentence processing, German, and application writing.
2023-2024	Subproject B06 *Interindividual variation at the syntax-pragmatics interface* of the Research Initiative *Meaningful Silence and Noise (MeaNs)*, funded by the University of Konstanz. Development of subproject, project leader for subproject (with T. Marinis); contribution to grant application writing and general development of the Research Initiative as a proposal coordinator (Research Iniative leader M. Butt) (ca. 90.000 € for subproject B06)
2021-2022	Independent Research Grant from the Zukunftskolleg Universität Konstanz for the project *The role of timing and interindividual variation in NPI licensing illusions* (5850 €).
04/2020-03/2022	Konstanzia Fellowship, mentoring and co-funding program for postdoctoral researchers; mentor: J. Schaeffer, Amsterdam (the Netherlands) (3000 €).
2021	Grant from the Internationalisation Funding in the Excellence Strategy to fund a hybrid co-teaching course on neurolinguistics with N. Schiller (Leiden, the Netherlands) for autumn semester 2021 (3500 €).
2020-2022	IKYDA (IKY and DAAD) project member 'German-Greek Toolkit for Theory of Mind and Language in Autism (MiLA)', PIs T. Marinis (Konstanz) and A. Terzi (Patras). I am contributing expertise on sentence processing, data analysis and experiment design. (Ca. 2300 € for my own travels)
2019	Collaboration with DAAD project 'Surprise questions from a comparative perspective' (SURQUE; University of Konstanz, Germany, and Université Paris-Didérot, France); co-organisation of second workshop (see workshop *Non-canonical Questions in French, German, and Beyond*; with A. Trotzke, A. Celle, L. Brunetti), one-week visit to Université Paris-Diderot for invited talk and discussions on experiment planning and methodological issues; felicity rating study on German surprise questions (with A. Trotzke; see Trotzke & Czypionka 2022) (ca. 600 € for my own travels).
2018, 2015	Contribution to project *The role of discourse particles in German questions* in the DFG research unit 'Questions at the interfaces' (University of Konstanz), starting in April 2016 (phase 1), renewed in March 2019 (phase 2). Development of psycho/neurolinguistic subprojects, contribution to general project development and grant application writing, responsible for committee presentations. PIs J. Bayer, M. Romero, C. Eulitz. (My own position, research assistants, participant money, publication costs etc.: 230.000 € for phase 1, 230.000 € for phase 2).
03/2016	Erasmus+ grant for a teaching stay at the Department of English Studies and the CAT lab at the University of Cyprus (Cyprus)
01/2014-12/2015	Subproject 3 *Processing of discontinuous verbs in German. The role of particles for Case licensing* in the FOCUS/FNP project 'Decomposing categories in the brain: Focus on linguistic categories expressing eventualities'. (University of Wrocław, Poland). Development of subproject 3, and contribution to general grant application writing. PI. J. Błaszczak.
04-07/2013	Caroline-von-Humboldt scholarship, Humboldt-Universität Berlin. (granted for a year, ended early by gaining my first postdoctoral position at University of Konstanz).

| 2008-2011 | Doctoral scholarships ZAS Berlin. |
| 07-08/2010 | Travel and accomodation grant (Universidad del País Vasco, Spain). |

Work in committees

2021	Committee member for a postdoc hire for project "Sensorimotor synchronisation with language" (headed by Prof. T. Rathcke) at University of Konstanz
2020	Equal opportunities representative for the appointment committee for junior professorship in English linguistics at University of Konstanz
2017	*Mittelbau* representative for the appointment commitee for professorship in English linguistics at University of Konstanz
2014 - 2016	Member of the Commitee on Research (*Ausschuss für Forschungsfragen*, AFF), reviewing university-internal review proposals submitted for funding by University of Konstanz

Workshops / Conferences organized

13-14/09/2021	*Linguistic illusions in sentence processing* at University of Konstanz. Invited speakers: Markus Bader (Goethe University Frankfurt, Germany), Ian Cunnings (University of Reading, UK), Julie Franck (University of Geneva, Switzerland), Colin Phillips (University of Maryland, USA). co-organized with T. Marinis.
21-22/11/2019	*Non-canonical Questions in French, German, and Beyond* at University of Konstanz. Invited speakers: Jenny Doetjes (Leiden University, the Netherlands), Caroline Féry (Goethe University Frankfurt, Germany), Ur Shlonsky (University of Geneva, Switzerland). co-organized with A. Trotzke, A. Celle, L. Brunetti.
5-7/04/2017	*Workshop on statistical analysis of linguistic data* at University of Konstanz. Invited speakers: Harald Baayen (University of Tübingen, Germany), Jacolien van Rij (University of Groningen, the Netherlands), Vincent Porretta (University of Alberta, Canada). co-organized with B. Braun.

Skills

Experimental	High-quality stimulus construction, lexical decision tasks, acceptability ratings and judgment studies (both web- and lab-based, speeded and non-speeded), corpus-based, self-paced reading (both lab- and web-based), eyetracking, ERP, experiment design
Software skills	*Experiments:* lab-based: SR Research Experiment Builder, Linger, Presentation basics; web-based: SoSciSurvey, FindingFive
	Data preparation and analysis: Brain Vision Analyzer 2, SR Research Data Viewer
	Statistical analysis: R, SPSS basics
	Teaching platforms: Moodle, ILIAS, Brightspace, Canvas
	Layout: LaTeX, InDesign, general office and scientific computer skills
Languages	German (native)
	English, Spanish, French (fluent)
	Dutch (intermediate)

Personal

24/3/1981	* Weilburg, Germany
04/2011-10/2011	Parental leave (*Elternzeit*), interrupting the work on my Ph.D. for six months.
01/2018-09/2018	Parental leave (*Elternzeit*), interrupting my postdoctoral work for nine months.

Resubmitted for third round of revisions

- Wolf-hound vs. sled-dog: Neurolinguistic evidence for semantic decomposition in the recognition of German noun-noun compounds. Czypionka, A., Kharaman, M., and Eulitz. C. (invited contribution to *Frontiers in Psychology – Cognition, special issue 'Animacy in Cognition: Effects, Mechanisms, and Theories'*)

Preparing for resubmission

- Event-related potentials and oscillatory brain activity reflect a complex interplay of syntactic, semantic and pragmatic information during the processing of German discourse particles. Kharaman, M., Czypionka, A. and Eulitz, C., to be resubmitted to *Glossa psycholinguistics*. [joint first authorship with M. Kharaman]

Submitted

- Illusion vs. pragmatic licensing: A comparison of question-sensitive discourse particles and negative polarity items. Czypionka, A. and Romero, M.. submitted to *Glossa*

- First- and second-order ToM skills in neurotypical children using a verbal and non-verbal ToM task. Golegos, A., Andreou, M., Bagioka, D. V., Baumeister, F., Czypionka, A., Marinis, T., Peristeri, E., Skrimpa, V., Terzi, A. (invited contribution to *Proceedings of LDG8*)

In preparation

- Working title: The left periphery in finite and infinitive clauses - a comparison between Dutch and German, with J. Bayer and J. Doetjes

- The processing of noncanonical questions. Czypionka, A. (invited contribution, chapter in *Handbook of noncanonical questions*, deadline August 2023).

- Cross-linguistic similarity ratings for Greek-German cognates and noncognates. Tsaroucha, A., Süß, K., Czypionka, A., Marinis, T..

Invited talks, conference and workshop presentations

Peer-reviewed conference and workshop presentations

1. Transfer effects or a learning mechanism? Pronoun resolution in adult L2 learners of German by speakers of null- and overt-subject languages. Czypionka, A., Golegos, A., Delarporte, G., Hindelang, L., and Marinis, T. *AMLaP 2023*, August 31st - September 2nd, BCBL San Sebastián (Spain), poster.

2. Wolf-hound vs. sled-dog: ERP evidence reveals that semantic constituent properties are accessed during compound recognition. Czypionka, A., Kharaman, M. and Eulitz, C., *AMLaP 2023*, August 31st - September 2nd, BCBL San Sebastián (Spain), poster.

3. A verbal and non-verbal task battery for first- and second-order theory of mind - data from adults and primary school children from Germany and Greece. Czypionka, A., Golegos, A., Andreou, M., Bagioka, D.-V., Baumeister, F., Marinis, T., Peristeri, E., Skrimpa, V. and Terzi, A.*AMLaP 2023*, August 31st - September 2nd, BCBL San Sebastián (Spain), poster.

4. Sentence processing at the syntax-pragmatics interface: Interindividual variation and ASD-related psychological traits. Czypionka, A. *18th International Pragmatics Conference*, 09 - 14 July 2023, Brussels (Belgium), talk

5. Comprehension of pronouns in adult Italian and Greek L2 learners of German. Golegos, A., Hindelang, L, Czypionka, A. and Marinis, T. *Bilingualism Matters Research Symposium* October 25th - 26th 2022, University of Edinburgh (UK), poster

6. Ein neuer Test zur Untersuchung der Theorie des Geistes für Kinder mit eingeschränkten sprachlichen Fähigkeiten - Daten aus einer binationalen Studie in Deutschland und Griechenland. Golegos, A., Andreou, M., Bagioka, D.-V., Baumeister, F., Czypionka, A., Peristeri, E., Skrimpa, V., Terzi, A., Marinis, T. *Interdisziplinäre Tagung über Sprachentwicklungsstörungen (ISES) 12*, November 25 - 26 2022, Marburg (Germany), poster

7. Development and validation of a verbal and non-verbal False Belief task battery for Theory of Mind. Golegos, A., Andreou, M., Bagioka, D.-V., Baumeister, F., Czypionka, A., Marinis, T., Peristeri, E., Skrimpa, V. and Terzi, A. *Language Disorders in Greek* (LDG8) September 30 - October 1, Thessaloniki (Greece), poster

8. Is there an effect of partially overlapping script on cognate processing? Evidence from Greek heritage speakers living in Germany. Tsaroucha, A., Süß, E., Czypionka, A. and Marinis, T. *15th International Conference on Greek Linguistics (ICGL 15)*, September 15 - 18, 2022, University of Belgrade (Serbia), talk

9. Pronoun resolution in adult L2 learners of German by speakers of two different null-subject languages. Golegos, A., Hindelang, L, Czypionka, A., Marinis, T. *EuroSLA 31*, August 25, 2022, University of Fribourg (Switzerland), talk

10. Imperfective aspect underspecified for number: An eye-tracking study. Klimek-Jankowska, D., Czypionka, A. and Błaszczak, J. *Psycholinguistics of Slavic Languages*, July 14–16 2022. University of Tübingen (Germany), talk

11. Licensing at the interfaces of syntax, semantics and pragmatics: Theta-band oscillations reflect low semantic value of discourse particles. Kharaman, M., Czypionka, A. and Eulitz, C. *13th Annual Meeting of the Society for the Neurobiology of Language (SNL 2021)*, October 5-8 2021, virtually, slide slam contribution

12. Interpreting definite plural articles in Italian. Redolfi, M., Soares, S., Czypionka, A. and Kupisch, T.. *41st Annual Meeting of the Department of Linguistics*, Thessaloniki. May 7-9, 2020. Aristotle University of Thessaloniki (Greece), talk

13. Licensing question-sensitive discourse particles: Evidence from grammaticality judgments, self-paced reading and EEG studies. Czypionka, A., Kharaman, M., Bayer, J., Romero, M. and Eulitz, C.; *Linguistic Evidence 2020*, Tübingen. February 13-15, 2020. University of Tübingen (Germany), talk

14. The role of context in the interpretation of imperfective aspect in Polish: Insights from offline and online (self-paced reading an eye-tracking) experiments. Klimek-Jankowska, D., Czypionka, A. Błaszczak, J. *12th Conference on Syntax, Phonology and Language Analysis (SinFonIJA 12)*, Brno. September 12-14, 2019. Masaryk University, Brno (Czech Republic), talk

15. Licensing and Locality in German *wh*-questions with discourse particles. Czypionka, A. and Bayer, J. *Doing experiments with theoretical linguistics*, April 4, 2019. University of Amsterdam, Amsterdam (the Netherlands), talk

16. Ongoing article grammaticalization in German: Experimental evidence and corpus data. Czypionka, A., Hufer, A.-S. and Kupisch, T. *Doing experiments with theoretical linguistics*, April 4, 2019. University of Amsterdam, Amsterdam (the Netherlands), poster

17. Understanding categories: An assessment of the "verbal" P200 in ERP measurements. Błaszczak, J., Czypionka, A. and Klimek-Jankowska, D. *Doing experiments with theoretical linguistics*, April 4, 2019. University of Amsterdam, Amsterdam (the Netherlands), poster

18. The domain of interpretation of perfective and imperfective aspect: Breaching theoretical and psycholinguistic approaches. Klimek-Jankowska, D., Czypionka, A. and Błaszczak, J. *Doing experiments with theoretical linguistics*, April 4, 2019. Amsterdam (the Netherlands), University of Amsterdam, poster

19. Comparing licensing processes at the interfaces of syntax, semantics and pragmatics. Czypionka, A., Kharaman, M., Bayer, J., Romero, M. and Eulitz, C. *32nd Annual CUNY Conference on Human Sentence Processing*, March 29 - 31, 2019. Boulder, CO, USA, poster

20. Evaluating speech comprehension in patients with disorders of consciousness: Towards an optimized paradigm for N400-effect elicitation. Waibel, A.-M., Czypionka, A., Spiteri, S., Hassa, T., Kaps, M. and Eulitz, C. (July 2018). *Salzburg Mind-Brain Annual Meeting (2nd annual meeting in the domain of Cognitive Neuroscience)*, July 12 - 13, 2018. University of Salzburg, Salzburg (Austria), poster

21. Can deverbal nominalizations be more verbal than finite verbs? New evidence from EEG recordings. Błaszczak, J., Czypionka, A. and Klimek-Jankowska, D. (June 2017). *The 7th Workshop on Nominalizations / JENom7*, June 1-2, 2017. Universitity of Fribourg (Switzerland), talk

22. The processing of perfective and imperfective aspect in Polish: Evidence from eye-tracking and self-paced reading experiments. Klimek-Jankowska, D., Czypionka, A. and Błaszczak, J. (May 2017). *Formal Approaches to Slavic Linguistics* (FASL 26), May 19 - May 21, 2017, University of Illinois at Urbana-Champaign (USA), talk

23. The licensing of discourse particles in complex questions: Evidence from graded judgments and event-related potentials. Czypionka, A., Bayer, J., Romero, M. and Eulitz, C. (March 2017). *30th Annual CUNY Conference on Human Sentence Processing*, March 30 - April 1, 2017, MIT Cambridge (MA, USA), poster

24. Accessing the complexity of event structure in an aspectually complex language - experimental evidence from Polish. Klimek-Jankowska, D., Błaszczak, J. and Czypionka, A. (December 2016). *Workshop on Formal and Experimental Semantics* at *Formal Descriptions of Slavic Languages*, Berlin, Humboldt-Universität. 7th December 2016, talk

25. Temporal implicatures and world knowledge interact rapidly during sentence comprehension. Czypionka, A. and Lauer, S. (September 2016). *Logic in Language and in Conversation (LogiCon) workshop*, Universiteit Utrecht (Netherlands), September 19-20, 2016, poster

26. Discontinuous particle verbs in German sentence comprehension. Czypionka, A., Golcher, F., Eulitz, C. and Bayer, J. (September 2016). *AMLAP 2016*, Bilbao (Spain), poster

27. Processing correlates of semantic complexity and markedness in languages with perfective / imperfective opposition. Klimek-Jankowska, D., Czypionka, A. and Blaszczak, J. (September 2016). *AMLAP 2016*, Bilbao (Spain), poster

28. This week, but not next: Temporal implicatures and their interplay with world knowledge during language comprehension. Czypionka, A. and Lauer, S. (September 2016). *AMLAP 2016*, Bilbao (Spain), poster

29. Case marking affects the processing of animacy with simple verbs, but not particle verbs: An event-related potential study. Czypionka, A. and Eulitz, C. (February 2016). *The syntax of argument structure: empirical advancements and theoretical relevance. 38th DGfS Tagung.* Konstanz (Germany), talk

30. Category-specific effects in word recognition of German compound words: Animacy boosts the lexical access of compounds and their components. Strinzel, M. and Czypionka, A. (February 2016). *Linguistic Evidence.* Tübingen (Germany), poster

31. Noun? Verb? Both? Neither? – Psycholinguistic research on the processing of nominalizations. Błaszczak, J. and Czypionka, A. and Klimek-Jankowska, D. (November 2015). *A special linguistic workshop on categories, aspect, verbal predicates and nominalization.* Wrocław (Poland), talk

32. Case attraction and the role of lexical case. Czypionka, A., Bader, M. and Bayer, J. (September 2015). *International Conference: Insufficient strength to defend its case: Case attraction and related phenomena.* Wrocław (Poland), talk

33. Do all verbs mind animate objects? ERP evidence for different influences of animacy on morphologically simple and complex verbs. Czypionka, A., Eulitz, C. and Bayer, J. (July 2015). *XII International Symposium of Psycholinguistics*, Valencia (Spain), talk

34. The aon-at-issue and at-issue meaning of modal particles and their counterparts. Dörre, L., Czypionka, A., Trotzke, A. and Bayer, J. (July 2015). *XII International Symposium of Psycholinguistics*, Valencia (Spain), talk

35. Two wrongs make one right: Case attraction weakens garden-path effects in comprehension. Czypionka, A. and Dörre, L. and Bayer, J. (July 2015). *XII International Symposium of Psycholinguistics*, Valencia (Spain), poster

36. Negotiating the noun-verb borders - psycholinguistic research on the processing of nominalizations. Błaszczak, J., Gulgowski, P., Klimek-Jankowska, D. and Czypionka, A. (July 2015). *Categories in Grammar - Criteria and Limitations.* Freie Universität Berlin, Berlin (Germany), talk

37. The at-Issue and non-at-issue meaning of modal particles and their counterparts. Dörre, L., Trotzke, A., Czypionka, A. and Bayer, J. (March 2015). *28th Annual CUNY Conference on Human Sentence Processing*, Los Angele (USA), poster

38. Object animacy and transitivity in sentence processing. Czypionka, A., Spalek, K., Wartenburger, I. and Krifka, M. (June 2012). *Psycholinguistics in Flanders*, Nijmegen (the Netherlands), talk

39. Object animacy effects in more or less transitive sentences. Czypionka, A., Spalek, K., Wartenburger, I. and Krifka, M. (March 2012). *CUNY conference on human sentence processing*, New York (USA) poster

40. Different effects of object animacy on the processing of "more or less" transitive verbs. Czypionka, A., Spalek, K., Wartenburger, I. and Krifka, M. (February 2010). *Linguistic Evidence*, Tübingen (Germany), poster

Invited talks

41. Interindividual differences in licensing at the interfaces - new data and first conclusions. A. Czypionka (May 10th 2022), *Language in Autism group meeting*, University of Amsterdam, Amsterdam (the Netherlands).

42. Sentence processing at the syntax-pragmatics interface: The role of ASD-related psychological measures. A. Czypionka (April 8th 2022), *ACLC Group meeting*, University of Amsterdam, Amsterdam (the Netherlands).

43. Licensing at the interfaces - question-sensitive discourse particles and negative polarity items in sentence comprehension. A. Czypionka (October 14th 2021), *Language and Cognition Group meeting*, University of Leiden, Leiden (the Netherlands).

44. Interindividual differences in licensing at the interfaces - preliminary data and planned experiments. A. Czypionka (October 11th 2021), *Language in Autism group meeting*, University of Amsterdam, Amsterdam (the Netherlands).

45. Measuring genericity: felicity ratings, reaction times, corpus studies. A. Czypionka and T. Kupisch (May 28th 2021), *Methodology Workshop on the Testing of Genericity*, Norwegian University of Science and Technology, Trondheim (Norway).

46. Assessing linguistic illusions at the interfaces of syntax, semantics and pragmatics. A. Czypionka (January 8th 2021), *Expert talk for MA and Ph.D. students*, Faculty of Philology, University of Wrocław, Poland.

47. Question-sensitive discourse particles in German: Licensing at the interfaces of syntax, semantics and pragmatics Data from rating and EEG studies. Czypionka, A. (May 15th 2020), *Grammar and Cognition research group*, University of Amsterdam (the Netherlands).

48. The processing of question-sensitive discourse particles. Czypionka, A. (September 19th 2019), *Linglunch*, Université Paris Diderot (France)

49. *Wh*-words as licensers for question-sensitive discourse particles. Czypionka, A. (May 7th 2019). *Dimensions of wh-words: A German-Italian question time*, Villa Vigoni (Italy).

50. On the processing of grammatical aspect in Polish: Evidence from self-paced reading and eye-tracking experiments. Klimek-Jankowska, D. and Czypionka, A. and Błaszczak, J. and Witkowski W. (November 2017). Expert meeting 2 of the project *Time in Translation: the semantics of the PERFECT*, University of Utrecht (the Netherlands).

51. Please wait until the very end - Split particle verbs in German sentence comprehension. Czypionka, A., Golcher, F. and Eulitz, C. (July 20th 2017). *CRC colloquium*, Düsseldorf (Germany).

52. Temporal implicatures in sentence comprehension - Evidence from acceptability ratings and self-paced reading times. Czypionka, A. and Lauer, S. (July 19th 2017), *SEMPRE colloquium*, Düsseldorf (Germany).

53. Lexical Case-Marking in Sentence Comprehension: Evidence from German. (March 30th). CAT lecture, University of Cyprus (Cyprus).

54. Processing of discontinuous verbs in German. The role of particles for Case licensing. Czypionka, A. (December 2015) *A special workshop on psycholinguistics with Prof. Colin Phillips.* Center for General and Comparative Linguistics, Department of English Studies, University of Wrocław (Poland)

55. Noncanonical case marking and argument animacy in sentence comprehension, Evidence from German. Czypionka, A., Spalek, K., Wartenburger, I. and Krifka, M. (March 2013). Center for General and Comparative Linguistics, University of Wrocław (Poland)

56. Object animacy and transitivity in sentence processing. Czypionka, A., Spalek, K., Wartenburger, I. and Krifka, M. (June 2012). Grammar and Cognition Group, Radboud Universiteit Nijmegen (the Netherlands)
