

Declaration (term paper)

Full name: _____

Study ID number: _____

Title of term paper or essay:

Seminar: _____

Course convenor/instructor: _____

I hereby declare that the attached term paper/essay was completed independently and that I have used no materials other than indicated. All passages in the paper that make use of words or ideas from other sources have been marked by indicating the source.

My work does not contain any text passages or other content generated by a generative pre-trained transformer based AI tool (e.g. Large Language Model), either verbatim or paraphrased, unless they themselves represent the subject matter of my own scientific work; in such a case, the text passages or other content in question are specifically identified as having been generated by an AI. If I have used such an AI tool for the linguistic correction of the text I created, I will indicate this by naming the tool used.

I understand that the exam or study requirements will be graded as 'failed' (German grade: 5,0) in case of deception or use of unauthorized resources. In severe cases, the standing examination committee may withdraw my right to repeat the exam, potentially resulting in expulsion from the degree program.

Signed: _____ Date: _____
